

Living On a Few Acres

Turning Your Backyard Into a Homestead.

Session 1: Where Do I Start?

January 27th at 2:00pm

Is homesteading for me? What resources are there? How do I decide what I would like to do? We will cover these common questions and more at our first meeting.

Session 2: Establishing Healthy Soils

Homesteading starts from the ground up, literally. We will cover the basics of assessing your soil, reading a soil test, amending poor soils, and supporting healthy soils.

Session 3: Raising Backyard Poultry

We will discuss poultry production for both meat and egg consumption. From breed selection, to the basics of nutrition, care, and other aspects of poultry husbandry.

Session 4: Sheep and Goat Production

Participants will learn about the basics of selecting and raising small ruminants. Topics such as nutrition, breed selection, and proper care will be discussed.

Session 5: Vegetable Gardening

Whether you have a balcony or 15 acres you can grow your own vegetables. We will talk about gardening in small and large spaces.

All sessions will be held at the Casey County Extension Office Educational Building.
